PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented Industrial Engineer with hands-on experience in manufacturing optimization, quality control, and lean practices. Passionate about improving processes, balancing efficiency with practicality, and solving real-world problems with smart, data-driven solutions. Skilled in time study, line balancing, and cross-functional teamwork, with a solid understanding of both the technical and human sides of production.

WORK EXPERIENCE

PT. Glostar Indonesia (PYS) — *Industrial Engineering*

Nov 2024 – Present

- Analyzed and calculated cycle time within the shoe manufacturing process to identify efficiency opportunities.
- Determined optimal manpower allocation and established standard output targets for production lines.
- Identified and implemented Kaizen initiatives to improve workflow efficiency and reduce waste.
- Conducted analysis on new product models to estimate required manpower and machinery capacity.
- Developed and regularly updated line balancing plans to support production efficiency and lean assessment initiatives.

CV. Almughni Distribusi — *Human Resource Staff*

Jan 2020 – Mar 2023

- Manage overall Human Resource operations, including strategic planning and policy implementation.

- Conduct end-to-end recruitment and onboarding processes to ensure effective employee integration.
- Administer employee benefits and compensation programs to maintain satisfaction and compliance.
